**The Toro Company**

**TORO PRECISION™ SERIES SPRAY NOZZLES**

Toro Precision™ Series Spray Nozzles — with Toro's patented H2O Chip Technology — represent the most significant breakthrough in spray nozzle technology. Featuring flow rates 35 - 42% below the most popular brand; Precision Nozzles achieve traditional distances of throw (5' - 15') but at a lower, more effective 1" per hour application rate.

**TOTO USA**

**TOTO HIGH-EFFICIENCY TOILETS (HET)**

TOTO high-efficiency toilets (HET) exceed the standards that should be met for true water savings and customer satisfaction: they flush using at least 20% less water than is mandated by law and do their job in one flush; they require minimal cleaning to reduce cleaning detergents; and they out-perform even competitor toilets that use more water.
