FLOOR COVERING IS INSPIRED BY NATURE

nora® rubber flooring

▲ norament 925 serra is a high-performance floor covering inspired by the dramatic textures and colors of nature's landscape, developed with input from architects and designers. The 3.5-mm product is suitable for high-traffic areas, offering durability and comfort underfoot. Like all nora flooring, norament 925 serra does not contain PVC. It is also GREENGUARD Indoor Air Quality Certified and contributes to healthier indoor air.
