

Beautiful Walls Healthier Living

Also known as Zen Wall, Japanese Wall is a healthy, eco-friendly alternative to paint, wallpaper, stucco and other finishes for walls and ceilings.

Our mission is to create cleaner air, promote healthy living and enhance working spaces.

- Contributes to U.S. Green Building Council's LEED Credits
- Odor Disintegration and Zero VOC
- Exceptionally Durable and Fire Resistant
- Eco-Friendly Manufacturing Process
- Variety of Colors and Textures Available
